Executive Recruitment for the HR market

OUR TRACK RECORD

"Melanie has worked on a number of demanding recruitment assignments for Aviva - with great results. She fully understands our business and takes a thorough brief that results in the provision of great candidates, and ultimately, good quality hires. An expert in her field"

Paul Awcock, Head of Recruitment, AVIVA

"Very easy to work with, being both attentive and considerate to our business needs"

Simon Cowdroy, Senior HR Business Partner, Heinz

"Melanie is a key supplier to Asda for HR Resourcing. Melanie's commitment, determination and support to fill a recent Resourcing Manager vacancy for us has been second to none. It has taken us time to find the right person but Melanie has never given up the search on our behalf. Melanie's desire to assist us and general attitude and approach is not one I have seen from a supplier previously and is a credit to both her and Renovo. The other two agencies we briefed on the role stopped sending us CV's 6 months ago! The lady we have recruited is a fantastic match to Asda and I am sure she will be a great success here."

Brett Bennett, Resourcing Manager, Asda
