

Procurement

Executive Recruitment for the Procurement market

OUR TEAM

Our specialist Procurement Team is focused solely on the recruitment of mid - senior level Procurement Professionals across a diverse range of sectors. Our specialism allows for genuine understanding of the procurement function and real depth of candidate network for our clients. The team is led by Jane Neary, a BA Hons graduate with over 8 years of executive recruitment, and a specialist within this field. Jane has a strong track record recruiting into a diverse range of industry sectors. She is supported by a team with over 20 years recruitment expertise.

OUR TRACK RECORD

"Renovo have become one of the most consistent suppliers into our global procurement operation. They stand out from the crowd by providing candidates who have clearly been sourced through proactive work to identify a specific skillset. I've always appreciated the honesty and transparency with which they have operated, making the recruitment process itself as un-painful as it can be!"

Global Category Lead, Global Banking Group

"Jane and her team have proven their worth this year in adding significant headcount into our procurement consulting operation. Always ensuring absolute clarity on the brief and asking the questions which quickly get to the core of the role always gives me great confidence that they won't be wasting my time with irrelevant candidates. When recruiting I want a clear time frame, an honest appraisal of the market and confidence in delivery – all of which I have experienced so far in my dealings with Renovo"

Senior Partner, Leading Consulting & BPO Organisation
